

How can you participate in the Garrett County Green Campaign for Children's Mental Health Awareness?

As a Garrett County agency, school, church, health care facility, business, worksite, you understand and value the importance of children's health and wellness. The Garrett County Child & Adolescent Wellness Workgroup is asking for your help in promoting the Children's Mental Health Green Campaign during the month of May.

We would like to invite you to contribute by participating in one or more of the activities below. We are certain that you could contribute with your own ideas and activities which we would welcome.

We appreciate your support and look forward to your participation. If you have any questions, please don't hesitate to contact Karl Schwalm at ke48s@outlook.com or Jennifer Lee-Steckman at jennifer.lee-steckman@maryland.gov

Sponsored by the Garrett County Health Department with funding made possible by the Garrett County Local Management Board through the Governor's Office of Crime, Prevention, Youth, and Victim Services (and others)
